

Fiber Adapter Series

SC male to ST female duplex adapters

Feature and Benefits

- Can be used with any Moxa switch that has one or more SC ports
- Easily convert SC ports into ST ports without the need for an extra patch cord

Introduction

These SC male to ST female duplex adapters are provided as an optional accessory to give users of Moxa industrial Ethernet switches more fiber optic connection options. Simply plug the adapters directly into the SC connector of any Moxa industrial Ethernet switch to convert the original SC connector into an ST connector. This allows you to use an ST connector with any Moxa industrial Ethernet switch, but without the need for an extra patch cord.
